Vibho Consulting Pty Ltd
Constantia Square Office Park Unit 45,
526 16th Road,
Randjespark,
Midrand,
1685

To whom it may concern:

Application to port number(s) to Vox Telecom.

I hereby submit **Kishor Pulluri** – Vibho Consulting Pty Ltd application to port the below listed number(s) to Vox Telecom.

Number Range - Start to end (Geo or Non Geo)	Block Size (amount of numbers)	Linkded Geo Number Range - Start to end	Block Size (amount of numbers)	Type of line (as per supplier bill)	Name of existing Network Operator: (Examples: Telkom, Liquid, etc.)	Account Number at Current Network Operator
011-318 0872	1				Telkom	XXXXX

Preferred date for porting: 16/11/2022
Company Registration No: 2022/556696/07

Caller line Identity to be displayed:

I confirm that **Kishor Pulluri** – Vibho Consulting Pty Ltd will be responsible for notifying our current Network Operator of our intention to port existing number/s to Vox Telecom.

I further acknowledge that Value-Added Services (like ADSL data, Call Barring, Call Forwarding, Hunting Facilities, Supreme Call, etc.) cannot be ported and functionality will be lost once porting has taken place.

The number porting process does not result in automatic cancellation of any services with your current Network Operator. It is the customers responsibility to cancel services with the current operator and manage any queries that may arise.

Please note:

1. If only one number or a partial range of numbers within a number block are ported, the remaining numbers within that specific block will be discontinued by the current supplier.
2. In the case of ADSL, data services and functionality will be lost once the ADSL number(s) have been ported to Vox Telecom.
3. Please supply details of any specialised routing that you may have on our PBX or hosted PBX.

Section below to be completed only if porting Telkom ISDN number/s. Specify what must happen after the number(s) have been ported to Vox. Please select one option only.	Tick Applicable Block
1. Cancel ISDN PRI/BRI line(s) and the balance of the number range.	
2. Keep the PRI/BRI service as well as permissible number blocks.	
3. Allocate a new block of numbers to the ISDN PRI/BRI line(s).	

I hereby confirm that I, **Kishor Pulluri** am duly authorised to sign this document on behalf of **Vibho Consulting Pty Ltd** as well as having understood and acknowledging the above.
